

Instructions for MyKidsSpending Accounts

- To set up and fund an account with MyKidsSpending, go to <https://www.mykidsspending.com/>. When you get to the home screen, put in your email address and then click on "Send Password."
- You will then be sent a temporary password. Use that temporary password to login.
- You will be prompted to change the password.
- Once you are in the account, you will see a button that says "Bank Transfers" and another that says "Fund Accounts."
- The "Bank Transfers" will allow you to enroll in auto-replenish. Think of it as EZPass. You will set up the account to add new funds once the balance in the account gets to a certain level.
- The "Fund Accounts" option is a one-time load of the account.
- If you set up the Auto Replenish, it will debit from your bank account or credit card once you have completed the sign-up.

You will receive an email notification when you have completed the funding request. It may take a few minutes to receive the confirmation.

For questions about the MyKidsSpending service, please send an e-mail to Support@MyKidsSpending.com, or you may also call (855) 302-0070, option 4 on the phone menu, from 9 am to 5 pm Eastern.
